Home and 40 Acres in Bremen, GA

The home has about 1,530 square feet of heated area and has a full basement. Two steel girders in the basement support the upper level of the home. The steel roof is in excellent shape and the outside walls are wood siding. There are separate central heating and air systems for the upstairs and downstairs. Outside is a two-car carport, a small balcony off of the master bedroom, and a large front porch with wrought iron and wood railing. On the back side of the main level is a dine-in kitchen area with laundry room with a counter and washer-dryer connections. To the left are two spacious bedrooms with louvered door closets, There is a full bath near the front of the house. The spacious living room leads to the front porch, the master bedroom, and the stairs leading down to the full basement. There is a large master bath with corner shower just off of the master bedroom. The master bedroom has its own private balcony overlooking the yard. The full mostly unfinished basement has a workshop area, and what could be turned into a bedroom with an existing private bath.
